

## **Sept 2023 Statements.**

No peace until these 3 conditions are met: 1.)Russia must pay war reparations. 2.)Russia must withdraw from all Ukrainian lands. 3.) Both Russia and Ukraine must be tried for war crimes at the Hague.

The "house of representatives" should ask the president & the supreme court to grant a "immunity from prosecution" and grant the right of duel. Only trial by sabers under the white house rotunda will force a villain like Jim Jordan to stand down! Cease and desist, compromise or face death. Donate the receipts to charity. Furthermore; lawyers, doctors and live TV must be present as witness to a fair fight. The loser must concede or face death at the point of a saber. This is how compromise can be fairly decided. Maybe repeating the lessons of the past is the way forward?
